

## Bangalore Based The Biere Club Leverages IDS Next Restaurant Management Software & Reaps Many Benefits

### About The Biere Club

The Biere Club is South India's and Bangalore's first craft brewery. Located on the upscale Vittal Mallya Road, the club serves its patrons freshly brewed original beer made out of finest quality ingredients. Resembling the ambience of a contemporary English pub, The Biere Club has a unique old world charm. This popular watering hole has its second outlet in Whitefield.

As the club grows in outlets and on-menu offerings, and to keep up with guest expectations, management of The Biere Club started looking for robust restaurant management software. "Our search ended with IDS Next's FortuneNEXT 6i R&B. Our first outlet located on Vittal Mallya road has been using this software for the last 3 years and our second outlet in Whitefield has been using the software for almost a year now," says Mr. Vishal Nagpal, Director Operations, The Biere Club.

### Modules of FortuneNEXT 6i R&B

FortuneNEXT 6i R&B, the smart hotel management software from IDS Next has 4 modules namely,

Point of Sale

Accounts  
Receivables

Materials  
Management

Food and  
Beverage Costing

"My personal exposure to IDS Next's various products including hotel and restaurant management software is over 7 years now. Our staff at both The Biere Club outlets are happy to work on user-friendly software like FortuneNEXT 6i R&B. I would rate this software 8 on a scale of 10,"

## ► How FortuneNEXT 6i R&B Benefits The Biere Club Management

FortuneNEXT 6i R&B provides in-depth reports on restaurant functioning including cashier report, sales by item, ledger balance, cost center consumption summary and daily transaction check list for receipts to the management of The Biere Club. The software has also enabled management to view number of guests visiting the restaurant on daily basis, their spending pattern and percentage of discounts offered to them.

The software has helped the management at The Biere Club to enhance guest satisfaction by helping in improving the overall operational efficiency at both of the restaurants. Apart from this, the increased automation for faster service has led to optimize manpower.

*"IDS Next's FortuneNEXT 6i R&B is a complete restaurant management software for us. This feature rich software continues to impress us over these years. All the modules, especially the accounts receivable and materials management modules are very useful. We have also availed the HR & Payroll and costing module from IDS Next to make sure that our restaurant business is on right track. FortuneNEXT 6i R&B is a best way to leverage technology at a set up like us,"*
